

Accommodation Pricing Structure

Accommodation costs cover an individual's room cost within the Residential Care Service.

Some individuals will have their accommodation cost paid in full or part by the Australian Government, while others will need to pay the listed price. The Department of Human Services will advise which applies based on an individual's means assessment.

The Refundable Accommodation Deposit (RAD) is the listed room price paid as a lump sum. The Daily Accommodation Payment (DAP) is the RAD equivalent paid daily. The RAD and DAP are determined primarily on the location and features of the room. Individuals have options of paying the RAD, or the DAP or a combination of both.
